## ONGUARD MANAGED SERVICES PRODUCTS

*When downtime is not an option  
OnGuard is the answer!*

- Do you know what your server is doing at this moment?
- Is someone at your site checking for hardware issues?
- Do you know if unauthorized software is installed on your server or workstations?
- Do you have an asset list of all of your equipment?
  - Is your critical data safely stored off-site?
  - Are you able to retrieve data weeks old?
    - How secure is your equipment?
  - Do you want to see who is coming and going from your premises?
- Do you want to increase the security of your environment?
